

Storecrew

Schedules, time clock and checklists for your stores

One simple app for owners, managers and the crew — on the web and on Android.

storecrew.app

The screenshot displays the Storecrew web application interface. The top navigation bar includes links for Dashboard, Scheduler, Requests (3), Tasks, Reports, and More. The user is logged in as Chris Han. The main section shows a calendar for the week of September 28 to October 4, 2026. A sidebar on the left offers options to switch views (Week, Day), show shifts (All, Mine, Open), and manage the current week's schedule (Copy last week, Copy next week, Share week, Print, Import CSV, Unpost week, Clear week). The calendar grid lists staff members and their assigned shifts. An overlay of the mobile app's dashboard is shown on the right, featuring a 'Next shift' card for Thursday 10/1 from 8:00a to 2:00p, a 'Today's Crew' list with staff members and their shifts, and a 'Handoff Notes' section for communication.

Running a store crew today

A schedule in a spreadsheet

Printed, texted, changed, and printed again.

Swaps by text message

Who is actually working Saturday? Nobody is sure.

Checklists on a clipboard

Opening and closing steps get skipped, and nobody knows.

Punch cards into payroll

Hours are typed in by hand, late and missed punches found too late.

One app for the whole shift

Schedule faster

The week on one grid. Drag to move, copy last week, post in one click.

Track time easier

Crew clock in and out on their phones; hours land on the timesheet.

Close the store right

Opening and closing checklists per store, with photos where it matters.

The Scheduler

The whole week for every store, on one screen

Click to add or change

An empty cell adds a shift; a shift opens its editor right under the row.

Drag, copy, repeat

Drag to move, hold Shift to copy, copy last week into this one.

Post the week

Drafts until you post; then everyone gets their days by email.

Requests, in one place

Time off, shift offers and open shift claims

- Crew ask from their phones
- Managers approve or deny with one click
- The person is told right away
- Approved time off opens the shifts on those days
- Double bookings are refused

The screenshot displays the Storecrew web interface for managing requests. The top navigation bar includes links for Dashboard, Scheduler, Requests (with a red badge showing 3 items), Tasks, Reports, and More. The user is logged in as Chris Han. The main section is titled 'Requests' and has tabs for 'TIME OFF · 1', 'SHIFT OFFER · 1', and 'OPEN SHIFT · 1'. Under the 'NEEDING YOUR APPROVAL' section, there is a '+ Time off' button and a card for a pending request from Sam Rivera (SR) for 'Thu 10/8 – Fri 10/9' (Dentist + moving day). The card shows a 'PENDING' status and 'Approve'/'Deny' buttons. A note states: 'Their shifts on those days become open shifts.' The 'CONCLUDED' section shows an approved request from Lucy Chen (LC) for 'Fri 9/25' (Sick), with a status of 'APPROVED' and a note 'on Fri 9/25 by David'.

Tasks and checklists

Open and close the store the same way every day

The screenshot shows the Storecrew interface with a teal header bar containing navigation links: Storecrew, DASHBOARD, SCHEDULER, REQUESTS (3), TASKS, REPORTS, and MORE. On the right of the header are language toggles (EN, ES) and the user name Chris Han. The main content area is titled 'Tasks' with a dropdown arrow and the text 'All stores · Today'. Below this are tabs for TODAY, FOLLOW-UPS (1), and TEMPLATES. A 'Go to date' button is also present. The 'TODAY' tab is active, showing a list of tasks for 'ALL STORES · TODAY' with a progress indicator '0 of 7 done' and a '+ Task' button. The tasks listed are: 'Closing checklist' (0/5) for DT · Tyler Brooks · 1 PM with a photo icon and '1 photo needed'; 'Opening checklist' (0/5) for DT · Jordan Lee · 8 AM with a photo icon and '1 photo needed'; 'Supply check' (0/3) for DT · Anyone on shift; 'Closing checklist' (0/5) for WS · Lucy Chen · 1 PM with a photo icon and '1 photo needed'; 'Opening checklist' (0/5) for WS · Priya Patel · 8 AM with a photo icon and '1 photo needed'; 'Supply check' (0/3) for WS · Anyone on shift; and 'Hang the new holiday shipping deadline poster' for WS · Priya Patel · 3 PM. A detailed view of the 'Closing checklist' for 'DT · Attached to Tyler Brooks · 1 PM' (0/5) is shown on the right, featuring a list of tasks with checkboxes: 'Scan every outbound package before the driver pickup', 'Run the end-of-day POS report' (with a photo icon and 'photo required' text), 'Count drawer and drop the deposit', 'Lock the mailbox room', and 'Set the alarm, lock up'. At the bottom of this checklist are buttons for 'Follow up', '+ Item', 'Mark pending', and 'Due date' (with a date icon and '17'). A 'Delete' button is at the bottom right.

Templates per store

Opening, closing, supply check — the lists come back every day.

Photo proof

An item can require a photo before it is ticked.

Follow-ups

Undone items carry over; one-off tasks get a due date.

The crew's phone

Everything an employee needs, and nothing more

Scheduled, on duty, open shifts and tasks done, per store.

 **Handoff notes**
What one shift leaves for the next,
with who has read it.

Reports and labor cost

For payroll, for the accountant, or to print

The screenshot shows the Storecrew interface with the 'REPORTS' tab selected. The 'Reports' section displays filters for 'All stores', 'DT - Downtown', and 'WS - Westside'. The 'DATE RANGE' section shows 'This week', 'Last week', 'This pay period', 'Last pay period', 'This month', and 'Last month'. The 'EXPORTS' table lists various report types: Schedule, Time off requests, Shift requests, Crew, Archived crew, and Stores. The 'Labor cost' section shows a total labor cost of \$6,505.00 for the period Sep 28 - Oct 4. It includes a breakdown by store (Downtown: \$3,282.25, Westside: \$3,222.75) and by person.

NAME	DESCRIPTION
Schedule	A spreadsheet (and daily lat
Time off requests	Every time o
Shift requests	Shift offers a
Crew	Everyone in
Archived crew	People who v
Stores	Your stores:

By store	Scheduled	Actual (clock)
